

DISCOVERY EDUCATION *unitedstreaming* TEACHER CENTER

Quiz Builder

The Quiz Builder tool allows you to create online assessments that you can use to test student comprehension or survey prior knowledge. You can search over 2,000 pre-made quizzes in the Quiz Library, choose individual questions from the Quiz Builder databank or write your own questions. Students access quizzes through the Student Center.

Creating a New Quiz

Access the Quiz Builder from anywhere on the site by clicking on Teacher Center in the navigation bar at the top of the screen. To get started, click on "Create New" from the Quiz Builder home page and follow these easy steps:

Step 1: General Information

Start by providing information about your quiz in the form provided. The quiz name, author, school, subject area, and grade level are required fields. You can also create quiz instructions, learning objectives and teacher notes.

You can save your quiz by clicking on the "Save" button at the bottom of the screen. If you choose not to click "Save," a warning message will appear on each step thereafter, until you click on the "Save" button and select the folder within My Content to which you would like to save your quiz.

NOTE: Make sure to allow pop-ups from *unitedstreaming* when saving a quiz to My Content, or hold down the "Control" key when clicking the "Save" button to temporarily allow the pop-up window to open.

Step 2: Add Materials

You can use the Keyword Search to add full videos and video segments to your quiz or search for video content by Subject and Grade.

Step 3: Add Questions

The Question Databank contains thousands of questions you can add to your quiz, or you can write your own questions.

Step 4: Preview

The Preview feature allows you to see what your quiz looks like in its final form. If you wish to make changes simply click on any of the steps in the process chain.

Step 5: Summary

The summary provides quiz information you will share with your students. When you provide the Quiz Code, students will need to:

1. Go to www5.unitedstreaming.com/studentcenter
2. Enter the Quiz code, and their first and last name in the fields provided.

When you provide the Student Center Link, students are taken directly to *unitedstreaming's* Student Center. The Quiz Code will be pre-populated and students simply enter their first and last name in the field provided.

Integration Idea:

Prepare students for an upcoming test by creating review questions using Quiz Builder.
